MEDICAL GRADE SKIN TREATMENTS

Not sure what you need? No worries. A professional will provide you with a thorough consultation prior to services. All treatments include a deep cleansing.

• *New clients — please arrive 15 minutes early to fill out paperwork* •

- Hydration Facial — this highly requested, no downtime, dermal infusion, 3-in-1 facial system: cleanses and peels; extracts and hydrates; and infuses and protects
- Dermaplaning — a chemical-free exfoliation that uses a surgical blade to scrape over the skin surface, gently removing dead surface cells, peach fuzz hair, and leaving your skin ultra-smooth
- Wet Dermaplaning — Peatree Oil and Coma Aroma Essential Oil blend provides optimal glide for the blade and soothes the skin
- Enzyme Treatment — the “Lunchtime” facial, safe for pregnant or nursing, 30 minute treatment time (if no add-ons)
- European Facial — mild exfoliation, steam, extractions & mask
- Bacial — a European facial for the back
- Back Treatment with Glycolic — a deep cleanse, followed by extractions and a 20% or 30% glycolic acid for a no-peel exfoliation. Evens skin tone, and leaves your back looking glowy, fresh and revitalized
- Mango Enzyme Treatment — Gentle exfoliation utilizing mango enzymes and mild glycolic and lactic acids. Includes extractions, no downtime, no peeling, and very hydrating
- Super “Man” Facial — Hey guys... this one is for you! Deep cleanse, extractions, mild glycolic exfoliation, finished with a cool gel. Do not shave the morning of, or the day after treatment)
- Calming Treatment — A mild mandelic acid is used to calm skin. Best for hypersensitive skin. Includes extractions.
- Pumpkin Multi-Fruit Acid Treatment — Not your average pumpkin... this no peel treatment combines 30% glycolic and lactic acids with pumpkin enzyme in a highly effective, yet non-aggressive formula. Includes extractions.
- Skinbetter Alpha Treatment — This no-downtime treatment improves skin tone & texture leaving skin velvety smooth with superior anti-aging benefits.
- Nuface Microcurrent — the “Lunchtime” Facelift. Instant lifting, tightening, toning and smoothing. Results are immediate and last for 24 to 72 hours.
- Customized and Personalized Treatments — Ranging from gentle, no-downtime to more aggressive, deep medical grade peels.
 - Mild • Moderate • Aggressive
- *Dermaplaning is not indicated with the following treatments* •
- Cranberry Teenage Acne Facial — Cranberry enzyme gently exfoliates and includes the added benefit of benzoyl peroxide to help heal acne blemishes. Best for oily, acne skin types. Includes extractions.
- Intensive Brightening Treatment — Lightens and brightens skin using a gentle blend of skin brightening acids. Includes extractions.
- Retinol Cream Treatment — Choose the gentler 15% or more aggressive 20% to specifically target pigmentation. Peeling is likely. May be combined with modified jessner at 1/2 price.
- Modified Jessner Peel — A highly effective peel formula of salicylic, lactic and citric acids. Depth of peel is controlled by passes. Some peeling should be expected. Add extra pigment correction with our Retinol Cream Treatment.
- VI Peel — Contains a synergistic blend of powerful anti-aging ingredients for all skin types. This pain-free treatment improves tone, texture, clarity, scarring and sundamage. Minimal downtime and a homecare kit is included.
 - VI Peel • VI Precision Plus • VI Purify • VI Purify Plus
- TCA Peel — Trichloroacetic (TCA) peels are a type of chemical peel used to treat signs of aging, sun damage, hyperpigmentation and scarring. Requires downtime.
